

PLANNING COMMISSION MEETING

Town of West Point

May 26, 1994

Present: Dave Cole, Doug Richmond, and Joyce Sinkule.

Absent: Fred Madison, Roger Ballweg, Alan Boehmer, Secretary Sarah Boehmer. (An additional member will be appointed in the near future to fill the term expiration of John Sweeney.)

Because there was not a quorum present to conduct a meeting, the previous minutes were tabled until the next meeting. The May 26, 1994 agenda was also tabled and will be considered at the next scheduled meeting on June 9, 1994.

The building permits which were assigned at the last meeting were discussed and filed. Remarks were as follows

Dave Cole: No potential erosion problems.

Doug Richmond: No potential erosion problems.

Roger Ballweg: (Sent his report with D. Richmond)
No potential erosion problems. House is being built in the middle of a large parcel with a berm constructed at the bottom of the hill to prevent erosion.

Joyce Sinkule: Potential erosion problem from a small hill which was cut into, but erosion should affect only the property owner and none of the neighbors or the town road.

A brief discussion was held regarding the possible date for concluding the land use plan.

Temporary secretary,

Joyce Sinkule
