

TOWN OF WEST POINT

A conference meeting was held with the residents of Carncross Road on December 11, 1986 at 7:30 p.m. at the West Point Town Hall. 19 residents were present, 4 attorney's, John Benish - Town Chairman and Edith Eberle-Town Clerk.

Mr. Bauer stated that his deed didn't have a easement to cross his property, the Wisconsin Power and Light does have a easement.

The road that is in question was put in in 1959 with all owners paying for the cost of putting the road in.

The problems are as follows: parking, road repairs, no easment and insurance. There is a lack of communication between all parties involved.

It was suggested that a association be formed which all land owners be members of and share all costs of maintainence of the road. If a resident has any heavy equipment moved in that the contractor/or land owner hiring the equipment be liable for any damage done to the road.

John Benish to check with State Department of Transportation on having another road put in on the other end of development.

All people present got together to form an association and a workable agreement.

*Edith Eberle  
Town Clerk*
